This is the list of people on the AltEN Teams channel that are from R7. The ones with an asterisk are ones that I've talked to or found to be rather engaged when we started discussions. I don't know exactly what most/any of them do, so it's unlikely we get this right on the first pass. But we're putting in a placeholder, right?

Yep, that's the one I'm looking at.

I'm happy to review things, but it's not required. If you send soon, I have a little time tomorrow, but at the latest can have something back to you by Monday 8am.

Hi Seth,

I did make updates to the budget table and additional resources today in RAPID, but haven't resubmitted yet. The bulk of the comments I received focused on inconsistencies with the budget- that numbers didn't add up between the budget table and additional resources, and I accidentally left out the CCTE budget table.

I think it's in pretty good shape. I had some extra time in my mid-year PARs yesterday, so got some good feedback from Elin.

## Ex. 5 Deliberative Process (DP)

Probably more of an update than you wanted, but I really appreciate you reaching out and checking in!
